

# Quad Video Heads Rebuilt by *The Experts*

The Sole Source for Quadruplex Head Rebuilding in the World

Since 1976, VideoMagnetics has been rebuilding  
Ampex and RCA Quad Video Heads.

Today, they're the only player left standing.

Quad Head rebuilding is as much art as it is science.

The process has to respect the laws of physics, but  
it's an art to get tiny, little hair-sized wires threaded  
into tiny, little holes.

Take a look at what's involved! Click here:

## **Don't Wait!**

Waiting to have heads rebuilt one at a time could prove costly. Turnaround can be delayed due to work already at VideoMagnetics. Rush charges aren't fun to pay. Prices rise when parts and materials become harder to source or become unobtainable. Avoid those problems and others with the new

## **"Steady Flow™" Head Rebuilding Plan**

flashscan8.us is pleased to represent VideoMagnetics' new "Steady Flow™" plan:

- Customers send in multiple heads to be rebuilt on a regular schedule.
- They get a break on the single-head rebuilding price
- They see a "steady flow" of fresh heads returning, ready to safely transfer valuable tapes.
- Head assemblies are warranted for 500 hours or 12 months, pro-rated.

Get a *Steady Flow™* Head Rebuilding Plan tailored for your situation today:

Click on [I need a "Steady Flow™" Quote.](#)

Quotes available for:

- Ampex and RCA Quad Head Assemblies
- Ampex, Sony and Hitachi 1" Type C
- Sony Betacam family including SP, SX and Digital Betacam
- Sony 3/4" U-Matic
- Panasonic DVC Pro Head assemblies and parts.

## **Not sure about your heads' conditions?**

**Get your heads examined with our low cost Head Health Checkup!**
